AUDITOR'S REPORT

I have examined the books and accounts of the selectmen and the collector and treasurer of the Town of Buxton for the year ending February 5, 1935, and to the best of my knowledge and belief they are correct.

CHARLES H. WEBSTER,
Auditor.

February 20, 1935.

THE WEST BUXTON PUBLIC LIBRARY

West Buxton, Maine.

January 31, 1935.

The West Buxton Public Library reports as follows:

From January 1, 1934, to December 31, 1934, the library has been open every Saturday afternoon, with two exceptions, February 24, when roads were drifted and impassable, and October 6, on account of scarlet fever.

Number of books in circulation,	1,155
Number of books purchased during year,	185
Number of books loaned for year,	3,555

Our circulation fell below the average last year, as we were not able to purchase new fiction until later in the year.

The money received from fines, cards, payshelf and gifts—\$13.15—has been used to purchase new books.

Respectfully submitted,

ED. LIBBY, Librarian.

REPORT OF BERRY LIBRARY FOR 1934

Library hours: Wednesday afternoon 1.30 to 5 o'clock; Wednesday evening 6.30 to 8.30 o'clock.

The Library was open the first three months of the year on Wednesday afternoon and evening, also Saturday afternoon, but beginning April first for the rest of the year it has been open on Wednesday. This change was due to the loss of the income from the Berry Library Trust Fund.

Number of books loaned this year, 5,035.

Number of books added to the Library, 111.

Fifty-eight books were purchased and fifty-three books were given by the following friends: Mr. and Mrs. Allan P. Stevens, Miss Palmer, Mrs. Susie Hayes, Mrs. Herbert Davis, Mrs. Walter Anderson, and Miss Lang. Also, magazines from Mr. Rogers and two volumes of Vital Records and one volume Maine Reports, gifts of the State Library.

The Dorcas Society gave the Library \$10.00. A public supper was given for the benefit of the Library, and the pro-

ceeds were \$25.00. Books were purchased with this money and were much appreciated. Two reference books, "Pioneers on Maine Rivers" and "Maine Immortals," have been purchased.

Amount received from fines, \$21.54.

Respectfully submitted,

FANNIE E. TOWLE,

Librarian.

REPORT OF FIRE WARD

To the Municipal Officers and Citizens of Buxton :

I herewith submit my report as Fire Ward for the year ending February 16, 1935.

The number of fires covered was 38, of which 18 were chimney fires.

The members of the Fire Department and myself wish to thank you for the coöperation you have given us, and we certainly appreciate the new piece of equipment.

Respectfully submitted,

MAURICE R. GOODSON,

Fire Ward.

REPORT OF DEPUTY FOREST FIRE WARDEN

To the Municipal Officers and Citizens of Buxton :

I herewith submit my report as Deputy Forest Fire Warden for the year ending February 16, 1935.

I issued 21 permits to burn brush and slash this past year.

Respectfully submitted,

MAURICE R. GOODSON,

Deputy Forest Fire Warden.

SCHOOL REPORT

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of
the Town of Buxton:—

The annual report is herewith submitted.

The most important accomplishment in the field of education for a number of years has been the survey of the Maine School Finance Commission. This commission was appointed by Governor Louis J. Brann by authority of the last legislature. This commission was composed of fifteen citizens from different parts of the State, with President Kenneth C. M. Sills of Bowdoin College as chairman. This commission recommends more state aid for schools, and relief to the taxpayer. They propose to equalize the privileges of school children and equalize the burden of taxation. The recommendations in brief are:

1. To guarantee to every community a minimum program of \$27 per pupil per year in elementary schools amounting to \$783 per classroom on an 11-mill equalized local rate for school purposes (\$46 per pupil in high schools — the ultimate program to be \$45 per elementary pupil). This will require approximately \$400,000 and will affect 20% of the pupils in the poorest schools. This would mean better buildings, more adequate textbooks and library books, teaching supplies and better-trained teachers (the ultimate program for high schools to be \$76 per pupil).

2. Restoring of State aid to 1930 level. This would require \$402,000.

3. For the Intermediate group between the low level and high level schools, 25% of what they will ultimately receive. \$400,000 required. The program calls for \$1,200,000 to be derived from other than the property tax to increase State aid. More than \$1,000,000 of this amount could be used for property relief if communities desired. The remainder would secure the minimum program \$27 level.

Some of the economies recommended by the commission for certain communities were :

1. Elimination of small classes in certain subjects.
2. Removal of the requirement that five-year-old children be accepted in the schools.
3. Economy in insuring school buildings.
4. Economy in conveyance.
5. Consolidation of schools.

Under this plan approximately \$2,200 new (additional) aid would be allocated to the Town of Buxton annually on the present basis of distribution of State School Fund.

REPAIRS

HIGH SCHOOL.

The system of sewage disposal in the high school had never been satisfactory. The septic tank was not large enough for a school of this size, and the construction was unsatisfactory. Yet a properly installed system of sewage disposal is one of the most important safeguards of school and community health.

We followed the recommendations of the State Department, and the plan of the septic tank and drain was laid out by the State Sanitary engineer. A concrete septic tank was constructed — size 20x8x8 feet. Over 500 feet of extra heavy soil pipe was used in constructing the drain from the septic tank to the land across the road, where a sewage field with laterals was constructed. The amount of work necessary to install this system and the expense were increased by the impervious nature of the clay soil. Yet the work was done in such a satisfactory manner that there should be no further trouble or expense for years. The old system had been a source of annoyance and expense.

Drain traps have been installed in the high school building. These have been very much needed.

In the present financial conditions the Hanson Fund is very much appreciated in furnishing extra facilities for the high school. This year a new L. C. Smith typewriter was purchased in exchange for the old Royal. This machine is equipped for cutting stencils for the duplicating machine and in preparing school work and tests.

Again this year we are fortunate in securing the services of Principal F. H. Jewett in view of the overcrowded conditions in the high school, with increased enrollment and large classes. A high standard of work is being accomplished in the school, even with increased teacher load. It is a great advantage to have a principal with 21 years of successful experience, and one who combines the qualities of teacher and leader.

ELEMENTARY SCHOOLS

Outbuildings have been attached at the Bog Mill building to take the place of the Kaustine System, which has proved unsatisfactory.

In the past considerable difficulty has been experienced in heating the fourth room at Bar Mills building. This year storm windows were purchased for this room, and the improvement has been noticeable. Storm windows and weather stripping cut down fuel costs and safeguard the health of pupils when buildings are properly heated.

We appreciate the support of the schools by the citizens of Buxton in restoring instruction in music to the schools, and in appropriating sufficient money to provide for increases in the salaries of elementary school teachers. This increase is justified in view of increased costs.

Respectfully submitted,

GEORGE E. JACK,

Superintendent of Schools.

February 10, 1935.

To Mr. Dearborn's Former Patients:

I wish to express my appreciation for the manner in which you have responded to Mr. Dearborn's recommendation and have consulted me for your eye work.

I have your prescription on file and should you need ocular attention, replacements or repairs at any time you may rest assured of prompt, accurate and painstaking services and the quality of material and prices I feel sure will meet with your satisfaction.

Very truly yours,

NORMAN E. HILL, O. D.
